

**What does SV@Home do?**

Launched in July 2015, SV@Home drives the creation of affordable housing for a more vibrant and equitable Silicon Valley. We advocate for policies, programs, land use, and funding that lead to increased affordable housing opportunities; conduct research that supports solutions to the housing crisis; and educate and engage community leaders, stakeholders, and residents about affordable housing and its connection to the region’s economic success and quality of life.

**Why join SV@Home?**

Engage in the solution by joining our coalition of over 200 community based organizations, employers, government agencies, service providers, builders, foundations, advocates, and residents. Scroll down to the next page for a list of member perks.

**YES, I would like to join SV@Home** *(select your membership level below)*
