A. What are your housing priorities?

The housing issue is my second priority on my list. I do have plan and solutions for Citizens of Milpitas.

---

B. To date, Milpitas has failed to meet any of its state mandated housing goals aside from its market-rate housing goal. Earlier this year, the Legislature considered a proposal to allow higher default densities around transit stations in an effort to create more opportunities for housing and affordable housing across our neighborhoods. Do you support or oppose this type of state intervention around the housing crisis?

I'm opposed to this.

---

C. Do you support and will you advocate for Measure-A funded projects in Milpitas? If yes, how will you work with your community to ensure support and acceptance of supportive housing for the homeless and families earning less than \$30,000 a year?

No. I have better plans for Milpitas and I am going to discuss with our citizens of Milpitas first.

---

D. Accessory Dwelling Units (ADUs) have become an option to increase housing stock on existing lots where a homeowner is willing to build. How would you support homeowners who are willing to commit to build ADUs on their property, but continue to encounter issues such as excessive regulations regarding unit size and allowable bedrooms per unit?

I need to speak to our citizens of Milpitas first if I elected.

---

E. Do you support or oppose fast tracked or streamlined permitting of residential or mixed-use development in Milpitas? Please explain your response.

I don't support all , and We should significantly slowdown on any new development in Milpitas.
