Connection to Housing – p. 4

What's Ahead in the Next Decade – p. 5

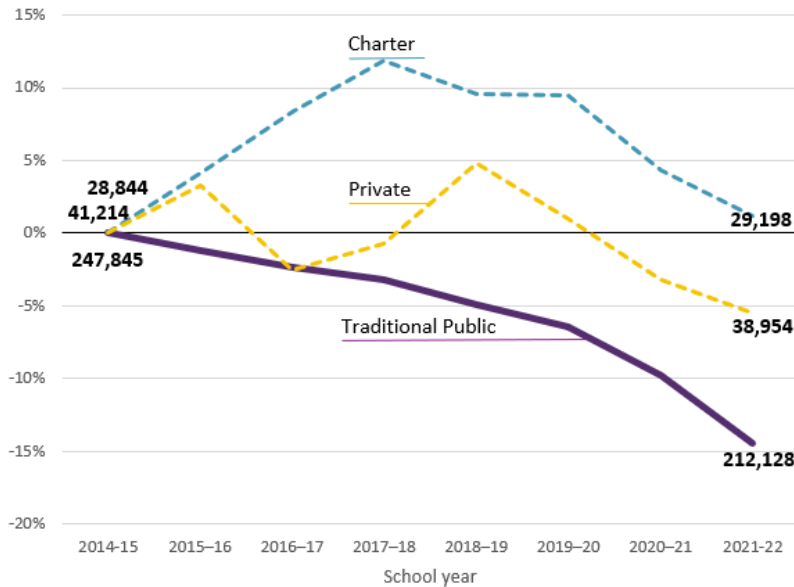

Your City – p. 6

Santa Clara County Elementary Enrollment is Declining in All School Types

Enrollment declines were widespread before the pandemic

Both public and private K-12 schools are losing students

Cumulative Percent Change in Enrollment in Santa Clara County's K-12 Schools

- K-12 Enrollment has fallen 12% over the 7 years since 2014-15, a loss of more than 37,600 children.
- Elementary schools, serving younger children, are seeing larger declines.
- Enrollment declines were widespread before the pandemic began: the 2019-20 enrollment census was taken in October 2019.

Elementary school enrollment has declined across traditional public schools, charter schools, & private schools.

Cumulative Percent Change in Enrollment in Santa Clara County's Elementary Schools

From California Department of Education: Enrollment Multi-Year Summary by Grade and Private School Affidavit Information

The enrollment problem is widespread

- In our public schools countywide, elementary enrollment has declined every year since 2014.
- All but one elementary district is experiencing enrollment decline - most over 20%.
- This represents a loss of almost 25,000 elementary students.
- Both wealthy school districts and school districts in lower-income communities are suffering.

Rapid Growth in Rent and Home Prices Caused by Housing Shortage is Displacing Families

SOURCE: Santa Clara County Association of Realtors December 2021.

- Home prices have increased close to 300% in the last decade.
- Since 2012, rent has increased more than 75%.
- The housing shortage creates a market where young families are “priced out.”
- Lower and moderate income families are increasingly displaced by rising rents.

What's ahead?

Enrollment is Forecast to Continue to Decline Without New Housing

- Elementary school enrollment across traditional public, private, and charter schools will continue to decline 13% over the next decade.
- K-12 school enrollment will decline 15% over the next decade- a loss of more than 41,000 students.

From California Department of Finance: California Public K-12 Graded Enrollment and High School Graduate Projections by County — 2021 Series

A photograph of a classroom with several young students. Some students have their hands raised, and one is holding a yellow pencil. The scene is overlaid with a large yellow semi-transparent rectangle. Inside this rectangle, the text "What does this look like at the city level?" is written in white, bold, sans-serif font.
